Archery 101 is a beginner archery course where students ages 8 and up learn about archery equipment and basic shooting skills. Classes start with warm up stretching exercises and then move to the range where proper stance and shooting position is taught. The student then practices these skills on the portable range. Near the end of each practice session a score will be calculated to track improvement. All equipment is provided. Dress for outdoors. For more information you can contact Bullseye Shooting Sports at www.bullseyeshootingsports.com or the Community Education website.
