LEGO-ENGINEERING!

Become a Play Well engineer! With over 50,000 pieces of LEGO®, take on real-life engineering challenges that explore concepts in physics, mechanical/structural engineering, and architecture. From motorized machines to castles & catapults, this is a hands-on and minds-on camp suitable for LEGO® building system novices to "maniacs". Designed by engineers, the curriculum challenges both new and returning students to reach the next level of engineering comprehension all while having fun. You will have the chance to build what you have only dreamed of with the support of an experienced Play Well engineering instructor to guide you.
