### Comal ISD Advanced Academics Advisory Committee

On March 22, 2011, the Advanced Academics Advisory Committee met to share ideas. This district-level committee was recently restructured to include members representing each of the CISD high school feeder patterns, various instructional levels, and campus/district administration. The Committee will meet twice a year, in October and in March, to review the district's Gifted/Talented, Advanced Placement, and Dual Credit programs.

At its first meeting, the Committee provided an overview of the Gifted/Talented program, which included data showing the percentage of identified G/T students district-wide and at each campus. The Committee will meet again in October, 2011, to share information gained through research of other districts' gifted/talented programs.

If you would like more information concerning the Advanced Academics Advisory Committee, visit the Advanced Academics webpage, contact Terilyn Moore, Comal ISD Advanced Academics Coordinator at [terilyn.moore@comalisd.org](mailto:terilyn.moore@comalisd.org) or call 830-221-2044.
