### **CHS teacher wins new Suzuki**

Canyon High math teacher Jamey Lagleder has been named the CHS Teacher of the Year by her peers.

As a result, Chacon Suzuki of New Braunfels will reward Lagleder with a brand new SX 4 Suzuki automobile at the start of halftime during Canyon High's home game Friday, Oct. 10, against Steele High.

"This allows us to demonstrate that our company cares about the community," said Greg Chaney, General Manager of Chacon Suzuki. "We want to be a good corporate citizen by supporting our teachers."

Lagleder, who is also Canyon High's student council sponsor, said it was a real shock to learn she won a new car. She has been teaching at CHS since 2005 and also is the UIL number sense coach at the school.

"I can't begin to tell you just how surprised I was," Lagleder said. "How often does someone come up to you and tell you you've won a new car?"
