Comal ISD Science Fair winners advance to regional contest

Eighteen winning student projects at the Comal ISD District Middle School Science Fair will advance to the Alamo Regional Science and Engineering Fair in San Antonio in March.

Students from Canyon, Smithson Valley and Spring Branch middle schools participated in the district science fair at SBMS Dec. 8.

Canyon Middle's Lauren Boyd won the "Best of Show" award for her project titled "Resistance and Effectiveness of Common Goat Dewormers." Other first-place winners in their category were CMS' Beau Faseler ("Hey Batta, Batta!"), and CMS' Clinton Huish ("Weightless Furniture").

Other students finishing in the top six in their category at the district fair that will be advancing to the Alamo Regional Science and Engineering Fair include: Jay Shah (CMS), Emily Meyer (CMS), Marissa Vader (CMS), Teresa Hall (CMS), Nicholas Grandshaw (CMS), Hagen Weinheimer (CMS), Savannah Gray (SBMS), Harrison Williams (CMS), Caelyn Newman (SBMS), Stephanie Zipp (CMS), Heather Hall (CMS), and Christian Smith (CMS). Team projects advancing included: Erika Quintanilla and Lori Davis (CMS), Kylie Partridge and Courtney Carroll (CMS), Emily Young and Samantha Frank (SVMS), and Miranda Alvarado and Frankie Cybulski (SBMS). Klayton Sanders (CMS) also finished in the top six at the district science fair.
