Principal receives star treatment during “Careers on Wheels” day at FES

Communities in Schools held a “Careers on Wheels” day at Freiheit Elementary on April 9 for pre-K through second-grade students.

Professionals from the New Braunfels fire and police departments, the Comal County Sheriff’s Department, as well as many other local organizations visited the campus to teach students about their careers.

The highlight of the day came when principal Betsy Nash landed on school grounds in a helicopter, piloted by Mike Hoser (pictured).

Also pictured is second grader Hector Martinez accepting a gift from Comal Sheriff’s Deputy Adam Pastrano, as well as Nash and Hoser in front of the helicopter with kindergarten students (from left) Destiny Bravo, Kaleigh Voges, Lareyna Luera, Issiah Morales, Jayden Sanchez, Joseph Todd, Ethan Rodriguez, Jacob Martinez, Isaiah Salinas and Danielle Webb. Students sitting in the helicopter are (l-r) Danica Hoser and Hope Jung.
