Safety lessons, fun times at STZES Bike Rodeo

Students, parents and volunteers from the Pilot Club of Canyon Lake took advantage of great weather on Oct. 8, as countless bikes were fine-tuned for fall fun at the Startzville

Elementary Bike Rodeo.

Comal County Sheriff's deputies helped check bikes for things like tire pressure and braking ability before allowing students to head down an obstacle course where they were able to weave in and out of bright orange traffic cones.

The Bike Rodeo was coordinated by Communities in Schools. STZES' Communities in Schools representative is Patrick Cervantez.

Pictured is Comal Sheriff's Deputy Adam Pastrano performing bike inspections with STZES students Alana McGill and Gage Vanek.
