Comal ISD names new TPES principal

At its April board meeting, the Comal ISD Board of Trustees approved the hiring of Lauri Schroeder as Timberwood Park Elementary School's new principal starting next school year.

Schroeder will take the place of current principal Dr. Sean Maika, who will move to the principal's position at Mt. Valley Middle School next school year.

Schroeder is currently the principal at Buda Elementary School in Hays Consolidated ISD. From 2003-2006, Schroeder served as the school's assistant principal before stepping up as principal in 2006.

Prior to taking the assistant principal position at Buda in 2003, Schroeder had her first assistant principal position at Goodwin Primary and Frazier Elementary schools from 2002-2003 before the schools were renovated to become Goodwin Frazier Elementary.

She also had some teaching experience from 1996-2002 at Comal Elementary School as the school's administrative intern and special education teacher.

Schroeder received her bachelor's degree from Texas Tech University in 1990 and her master's degree from Texas State University in 1997.

"We are glad to have Lauri back in our district," said Comal ISD Superintendent Dr. Marc Walker. "She has been doing some great things with technology and staff development in Hays, and we know she will maximize on the great work Sean has already done at Timberwood Park. We know she will fit in great with the Timberwood Park community and with the Comal ISD family."
