SVHS students attend statewide TSA Conference

Smithson Valley High School Technology Students Association members attended a Statewide Leadership Conference in Kerrville in December.

The conference was held at the beautiful Texas Lions Camp, which has a spectacular view of the Texas Hill Country.

The SVHS student-leaders attending were Deanna Crane – president, Barbara Ramirez – vice president, Luis Nunez – treasurer, C.J. Pozzi – sergeant at arms, and Lisa Stitz – secretary. Other TSA students attending included Brandon Fujimoto, Jason McDonald, Michael Marinesi, Phil Stanley, Haylie Hughes and Alec Muniz.

Events that officers participated in with students from around the state included, leadership and team building activities, the TSA armada cardboard boat design competition and race, official TSA state officer meetings, and the Texas TSA Lone Star examination.

Four Smithson Valley High students earned the Texas TSA Lone Star Award. They were Deanna Crane, Barbara Ramirez, Alec Muniz and Brandon Fujimoto.

SVHS student Haylie Hughes received a Legacy Award for her exemplary leadership during the conference, and the Rangers' cardboard boat team won its heat and finished in the top five overall out of a field of 30 entries in the TSA armada race.

The SVHS chapter leaders are using the skills gained in this conference to lead their technology members toward a successful result in the upcoming Region 13 competition, which is scheduled for April 16.
